

# A-SAFE

## Trailer Plates

Designed to protect HGVs and the loading zone floor, ensuring an even and supported surface for trailer landing legs.

Surface-mounted or recessed, Trailer Plates are simple to install, eliminating uneven yard surfaces which could compromise health and safety.

# Engineered for performance

Significant return on investment from downtime avoidance as service yard floors do not need repair after repeat wear-and-tear.

Self coloured and UV stabilised for continued high visibility and long lasting aesthetics with no repainting.

Ultra-low maintenance material is chemical and water resistant, non-corrosive, non-scratch and self coloured so no repainting, rusting, flaking or corrosion.

Environmentally friendly and 100% recyclable.
